Deliverable 2 completion and approval

Project: Café Aurora website
Client: Café Aurora, represented by Lucy Rivers
Freelancer: Alex Vega, web design and development
Conversation date: November 12, 2026
Channel: email conversation from the fictional case

Deliverable 2: Website development

Amount for this stage: USD 300, equal to 50 % of the USD 600 project. This document covers only the website development stage.

Alex Vega, freelancer

Hi Lucy. The five sections of the Café Aurora website are now built on the staging site: Home, Menu, About us, Gallery and Contact. They follow the approved design, work on mobile and desktop, and the inquiry form sends messages to your inbox. I loaded the copy, photos and logo you provided.

I also applied the changes from your first round of revisions to the menu and the gallery. With this I complete the website development deliverable. Can you confirm that you reviewed the staging site, that you are happy with it and that we can close this second stage?

Lucy Rivers, client

Hi Alex. I reviewed all five sections on my phone and on my laptop. The menu, gallery and contact form work as we agreed, and the content is correct. I am happy with the delivered work and I confirm that deliverable 2, Website development, is complete and approved on my side. I have no pending corrections for this stage.

You can send me the USD 300 payment request for this second deliverable. I have not made that payment yet.

Alex Vega, freelancer

Thanks for confirming. The second stage is closed with your approval. I will prepare the payment request for this deliverable. Testing and launch will start after its payment is confirmed.

Multi-device testing, final adjustments and the launch of the live site are still pending in the last stage. We are not closing the whole project or stating that it has been paid.

About this attachment

This conversation and its participants are fictional and exist to test Trato. The file supports the approval of the second deliverable within the sample case; it is not a receipt or a PayPal payment confirmation.
